

The Spirit of Scouting Returns to Belagavi: 29th State Jamborette Begins

The 29th State Jamborette is being organized by The Bharat Scouts and Guides, Karnataka in association with the Belagavi District Association driven by the theme of “Let’s Grow With Nature” while being facilitated at Phoenix Public Residential School, Honga, Belagavi between 27th December 2025 and 01 January 2026. The location of the jamborette is indeed historic and significant considering the fact that the district had last hosted the 24th State Jamborette in the year 2001, thereby reiterating its relevance for hosting large scale scouting events in general. Belagavi serves as an embodiment of rich cultural diversity, holistic growth and development, sustainable agriculture practices and robust defense and industrial establishments, alongside

ited to adventure bases, Scout Skillo workshops, Sustainable Development Goals Hub, World Scouting Village, WAGGS Village alongside HAM Radio and Disaster Response Stations. Resourceful educational tours, entertaining talent display programs and plethora of competitions will in turn consume the time of young people. The jamborette will enable young people to engage meaningfully across differentiated activities aimed at their social, physical, intellectual, character, emotional and spiritual development while allowing them to enhance their skillsets and become ready for life. It will provide a resourceful experience, help generate wide scale exposure and celebrate the vibrant nature of scouting.

A Grand Reception: Thousands of Young Scouts Converge

A warm and heartfelt welcome was issued on behalf of the Belagavi District Administration to all the scouts and guides participating in the jamborette by the District Collector and Chief Education Officer. Providing confidence on the preparations undertaken to comfortably host the attendees and conduct various scouting activities aiding the personal progression of young people

while promising an unforgettable jamborette that would leave behind a profound positive impact while assuring their continued support and commitment towards the overall success of the event. Finally, they wished everyone the best and hoped that they enjoyed the hospitality of the district. The involvement of the district administration has helped accelerate the development of the

jamborette while optimally mobilizing available resources in specific. They have stood as a pivotal pillar of support in actively executing the tasks at hand while issuing timely guidance required to further enhance the effectiveness of the jamborette. The district hopes that the young people will judiciously utilise this wonderful opportunity to constructively shape their future.

Different Roads Leading to the Jamborette: The Journey Across Terrains

SCOUTING ROOTS OF BELAGAVI

The 1911 'Sardar's School Experiment' Planted the Seeds of Scouting in Belagavi

While the official start of Scouting in India is often cited as 1909 (Bangalore), Belagavi holds a unique and highly significant place in the history of the movement due to an early, controversial experiment that predates most organized troops in the country. According to the milestones recorded by the Bharat Scouts and Guides (BSG) archives, a very early attempt to introduce Scouting principles to Indian boys was made in 1911 at Sardar's High School, Belgaum by Mr. A.C. Miller.

At the time, the British government was wary of organizing "native" youth into uniformed groups, fearing it might fuel the independence movement. Historical records state that the "Government of India's observations about A.C. Miller's experiment at Sardar's School, Belgaum were discouraging," labeling the experiment as "misapplied."

As the movement unified under the "Bharat Scouts and Guides" after Independence in 1950, Belagavi (then part of the Bombay State before the linguistic reorganization of states in 1956) saw the establishment of formal, sustained troops.

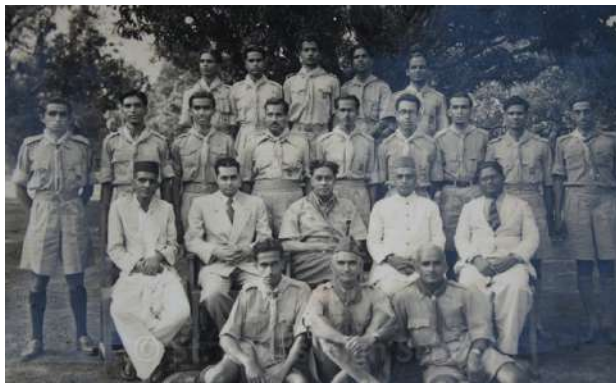

The 1st Scout Troop at St. Paul's (1947): One of the most well-documented early troops in the district is the 1st Scout Troop of St. Paul's High School. It was officially inaugurated on December 4, 1947, under the leadership of Fr. J. A. Mi-

Sardar's High School, Belagavi

randu. This troop became a cornerstone for the district, reportedly being considered "one of the best troops in the former Bombay State" by the mid-1960s.

The 1957 District Rally: By 1957, the movement had grown from isolated school troops to a district-wide network. Evidence of this is found in school annuals recording a massive "Rally of all Scouts and Guides in Belgaum" held on November 16, 1957. This confirms that within a decade of Independence, Belagavi had a functioning District Association capable of organizing large-scale rallies.

In the decades following the reorganization of Karnataka state, Scouting in Belagavi grew through the support of major educational institutions.

KLE Society's Patronage: The Karnataka Lingayat Education (KLE) Society played a massive role in institutionalizing Scouting across the district. Schools like the KLE International School and others in Gokak and Belagavi city integrated Scouting

into their core curriculum, ensuring a steady stream of Cubs, Bulbuls, Scouts, and Guides.

Sea Scouting in Athani: A unique feature of Belagavi's Scouting history is the establishment of the Sea Scouts and Guides headquarters at Village Savadi, Athani Taluk. This unit runs a "Navy School," which is a rare instance of a specialized Sea Scout focus in the interior hinterlands, demonstrating the district's diverse approach to the movement.

A Modern Powerhouse Today, the timeline comes full circle at Honaga. The 29th Karnataka State Jamboree (Dec 2025) is not just an event; it is a declaration of Belagavi's status as a Scouting hub.

"From a single 'misapplied' experiment in a colonial classroom to a massive movement shaping thousands of lives—Belagavi has always led the way."

SANTA WISHES MERRY CHRISTMAS

Being the season of joy and celebration, the Jamborette atmosphere reflected the festivity of Christmas which involved sincere prayers, enthusiastic carols, passionate display of talent and a memorable visit from Santa Claus. The celebration in turn projected the inclusive nature of scouting and imbibing positivity while spreading joy far and wide.

A special commemorative Christmas cake was distributed alongside the message of peace and delivering happiness to everyone. The celebration was spearheaded and presided by Prabhavathi Patil and saw active participation from everyone present at the jamborette.

The Christmas message that was delivered revolved primarily around the need for people to

resort to peaceful means for resolving conflicts and spreading the joy to everyone. The message in turn reiterated strong connection to scouting principles of remaining inclusive and creating an environment devoid of inherent judgement while maintaining positivity around us at all times.
